

Congressional Commendation Award
Georgia Senate - 2019

Our Equipment Capacity

Our Cargo handling operations is at international standard and promotes global consistency and safety. We employ best practice processes and procedures

ENL has initiated a trucking System that ultimately lets you track and monitor the location of your goods as they depart the terminal.

Over the years ENL has maintained a priority purchase of equipment. This is with the basic interest of customer satisfaction , proper handling and management of goods and cargo.

We boast of several cargo handling and operational equipment, which includes:

- Forklifts - 79
- Cranes - 4
- Reach Stackers - 4

We have different types of loading techniques for all varieties of cargo. Our stevedore team will ensure that your cargo will be loaded or unloaded without any damage
